

## WHY IS IT IMPORTANT TO SHARE INFORMATION WITH YOUR CHILDCARE (EARLY LEARNING) PROVIDER?

One of the most important rights of Parents and Guardians is the right to give (or not give) their consent for their child to receive services and to have information shared with the Early Learning Program (Childcare) that their child attends.

The gaining of the parent or guardian's consent in order to share information about your child's developmental support needs is extremely important. Resource Consultants (RCs) and Childcare Staff work closely together to ensure the developmental needs of your child are being met in the Early Learning Environment.

In order for the RC to work with the Childcare team, you will need to complete the fillable, Consent for Childcare form.
